

## Introducing the Tri-County Connector on October 3rd, 2011

After years of inquiries regarding accessible transportation between Towns and counties in the West Central region, Virginia Regional Transit is going to begin a Fixed route on October 3rd that will connect Orange, Culpeper, Brandy Station, Remington, Bealeton, Opal and Warrenton for the first time ever.

Fauquier Hospital in Warrenton along with Culpeper Regional Hospital have partnered together and have provided the local match needed so that the Tri-County Connector could become a reality. Customers will have the opportunity to be able to access both hospitals and surrounding physicians' offices on a daily basis. They will also have access to shopping areas, restaurants, libraries and senior citizen sites.

Customers may transfer on to other town fixed routes operated by VRT and travel around the towns of Warrenton, Culpeper and Orange. Come ride the Trolleys that are operated in Culpeper and Orange. The Tri-County Connector will operate 5 days a week Monday through Friday and is handicapped accessible.

**The fare will be \$1.00 for a one way trip.**

There will be three round trips available every day. The trip between Orange and Warrenton will be approximately 90 minutes. The first trip will depart the Depot in Orange at 7:30 AM and return to the Depot at 10:30. The second trip will depart at 11:30 AM returning at 2:30 PM. The third and last trip will depart the Depot at 3:30 PM and arrive back in Orange at 6:30 PM.
